OUTPUT

The screenshot shows a web browser window with the address bar displaying the file path: E:\web%20development%20program%20sem%206\PROGRAM%209%20FORM%20VALIDATION.html. The page title is "FORM VALIDATION". The form itself is a white box with a light gray border. It contains the following fields: "Name:" with a text input, "Email:" with a text input, "Age:" with a text input, "Gender:" with a dropdown menu showing "Select", and "Message:" with a text area. A blue "Submit" button is located at the bottom of the form.

The screenshot shows the same web browser window, but now a dark gray alert box is overlaid on the form. The alert box contains the text "This page says" and "All fields must be filled out", with an "OK" button. The form fields are still present, but the "Submit" button is now green, indicating that the form is valid after the user has filled out all fields.
